Our Program:

Our vacation care program will consist of excursions, incursions and theme days that are developed from the children, educators and family suggestions and ideas. Within each day the children will get the opportunity to explore and participate in tailored programs of craft and physical activities that are linked to the main concept of the day.

The program also ensures that excursions, incursions, activities and games are age appropriate so all skill sets and development can be catered for all ages. This is displayed by having Senior (Y3-6) and Junior (K-2) programs.
