OUR PROGRAM:

Our vacation care program consists of excursions, incursions and theme days developed from children, educator and family suggestions. Each day, children have the opportunity to explore and participate in tailored craft and physical activities linked to the main concept of the day.

On excursion days, it is essential that children arrive by the listed time, as departure times cannot be delayed due to transport bookings, supervision planning and safety requirements.

The program ensures that excursions, incursions, activities and games are age appropriate so all skill sets and stages of development are catered for. This is reflected through our Senior (Y3–6) and Junior (K–2) programs.

Important information regarding vacation care procedures, routines, policies and cancellations can be found on our website: https://www.mjcarecentre.com/our-programs-1

Risk assessments can be requested by families.
